Associate Director

Objectives of an Associate Director

The Associate Director position will provide structure for ensuring potential members of Family First Credit Union Board of Directors receive adequate preparation to perform successfully and contribute significantly to the success of the credit union.

The Associate Director position formalizes the Board's succession planning and enables that the appointees to gain understanding of the Credit Union industry and the operation of Family First Credit Union and its Board of Directors.

A maximum of three Associate Directors may be appointed for three renewable one-year terms at the discretion of the board for each term and for each Associate. Each year, the Nominating Committee will meet in November to review the policy, the Associate search for the next year, and select the Associate Directors to serve. The following schedule will be followed:

Year 1:	Nominate First Associate
Year 2:	Nominate Second Associate
Year 3:	Nominate Third Associate

The Associate Director has the same performance requirements, duties, and responsibilities established for the members of the Family First Credit Union of Directors. Associate Directors will participate on the Board as non-voting members.

Eligibility for appointment of an Associate Director

To be appointed as an Associate Director (and continue serving), an individual must:

- ✓ Be a Family First Credit Union member in good standing;
- ✓ Display an interest in the Credit Union and a willingness to serve its members through Board activities;
- ✓ Be willing and able to devote the time and effort it takes to serve as an Associate Director, on various committees and in various educational programs; and
- ✓ Demonstrate that he/she is a team player who exercises sound judgment.

Appointment of an Associate Director

The Nominating Committee will select the potential Associate Directors to be approved by the Board of Directors to serve on the board. The nominee will submit a board application for approval (*see Appendix A*). The Board of Directors will accept the application for review and approval. The Associate's serving term will begin and end during the annual meeting held in January for voting on board officers.

Associate Directors will be given the opportunity to evaluate what Family First Credit Union Board entails before they make a full and final commitment to the Board and to show first-hand that they are qualified to perform in the expected capacity. To accomplish this, Associate Directors will be provided with materials to review; study and understand the credit union business.

There is no guarantee that an Associate Director will eventually become a regular Board Member. Associate Directors will, however, be eligible to serve as regular Board Members when they meet all the requirements.

The Board Associate will sign a copy of this policy declaring that he or she understands this policy and will adhere to all requirements that have been aforementioned.
